Why work for FJG?

We are a young and growing firm, and we want people who will grow with us!

For over a decade, FJG has been one of the region's fastest-growing firms of solicitors. More recently, we have combined forces with a private investment group with a view to expand further afield, but we are still a family firm at heart, and we hold our values firmly in line with this ideal.

FJG has been established for nearly 40 years and our lawyers have vast experience and carry substantial reputational goodwill. Our professional accreditations and awards rank us in both the Legal500 and Chambers directories, and our modern, forward thinking, approach has seen us stay at the forefront of a fast moving, evolving market

Our Health & Wellbeing group are always working hard to ensure that FJG is a comfortable and happy place to work, planning staff events and training Mental Health Champions so that there is always someone you can talk to.

As part of our dedication to employee wellbeing, we operate a health cash plan, including an Employee Assistance Programme, which provides access to counselling and personal legal and financial guidance.

Further to this, our Equality & Diversity group are committed to modernising our approach to a fair workplace culture and diverse workforce, asking for staff feedback and ensuring that we action whatever we can to improve on the employee experience. A huge change in the last few years has been that many of our staff now work on a hybrid basis – working from home a couple of days a week.
